

Project Idea

Plant App

Our project idea is Plant App, where users can buy plants and plant related accessories by this app. Nowadays buying plants and seeds are rare in cities. People who love to plant trees and gardening will benefited from this app. Here users can purchase plant and can contact with the sellers directly. There are different types of plants like indoor,outdoor, garden,supplements etc. There also given all types of plants and users can buy plants by cash on delivery or digital payment. The app will recommend to you the newly coming fresh plants. Users can add plants to cart even if they don't want to buy they can cancel the order or delete.
